

# **Penny E-Books, Build Feedback!**

**Buy Them and Sell Them to Build FeedBack Fast!!!**

**If Your New to eBay, Please Read and Follow This Guide!**

Well I see you have decided to start building your FeedBack and Increasing your FeedBack Score by buying alot of One Cent or Penny Ebooks. Please heed this advise...Buy them SLOWLY and mix in a few "Buy It Now" Items also.

Believe me, if you purchase nothing but Penny Ebooks to build your feedback, eBay may suspend you, they call it "Abusing EBAY"... and you will have to go thru a lengthy appeals process to re-establish your eBay Account. The process usually involves sending them a copy of your Drivers License, a Utility Bill and a copy of your credit card statement, Then waiting three or four weeks while they "review you", they take them in order received.

"EBAY protects their FeedBack Rating System religiously and they really want to preserve it because Buyers and Sellers use feedback to determine whether or not they are at risk, and to judge a persons reputation as a buyer or seller. FeedBack is a great tool designed to help you buy and sell on EBAY."

**It's OK To Buy Penny Ebooks!!!**

JUST DON'T BUY HUNDREDS OF THEM...If you are a totally New Buyer or Seller on EBAY you want to build FeedBack Quickly, However you cannot leave feedback for the First 5 days of account activation, EBAY has this restriction to prevent people from opening new accounts just to retaliate against others by leaving negative feedback. This is frustrating to someone new to EBAY because you cannot build your FeedBack if You cannot leave FeedBack for others. But you can Buy and Sell on eBay Immediately, so I've researched the best and most reliable eBay Store's to purchase Penny Ebooks and Ebook Inventory to Resell on Ebay and provided the "DIRECT LINKS" to them. You'll get Feedback Immediately from reliable people who have been Selling on eBay for years and Most are PowerSellers.

**Build FeedBack Step by Step!!!!**

First Visit each eBay Store I have listed, The direct link and picture of the item is shown for you. Just click on the link, and go directly to the item. Purchase it, Pay for it, Send a short message to the seller then go to the next Store to purchase the next item, repeating the process above. Only purchase the specific items or similar item from each eBay Store. LIMIT YOU PURCHASES as indicated for each day, no more don't be in a hurry, our goal is to get 20 positive feedbacks to meet eBay's requirements.

**This E-Book may not be sold. It may be distributed FREE of any costs, or combined with other E-Book offers providing the content is not altered physically, electronically, or digitally.**

# How Many Feedbacks You Need, and For What!

**The number of Feedbacks you need is 20, that's all!**

**10....To receive your First Star.**

**20....To open an EBAY Store.**

**10....To list a one day auction.**

**30....To list multiple items as "Buy It Now".**

**5....Plus a [PayPal Account](#), To list a one day auction.**

**15....Plus accept PayPal as payment, To list multiple items as "Buy It Now".**

## Feedback Star Glossary

The feedback system is easy to understand. Feedback Stars are awarded to eBay members for achieving 10 or more Feedback points.

You receive:

- +1 point to your feedback score for each positive comment and rating left for you.
- 0 points to your feedback score for each neutral comment and rating left for you.
- -1 point to your feedback score for each negative comment and rating left for you.
- A feedback star once you have 10 or more comments and ratings left for you.

**Here's what the different stars mean:**

Yellow Star (★) = 10 to 49 points

Blue Star (★) = 50 to 99 points

Turquoise Star (★) = 100 to 499 points

Purple Star (★) = 500 to 999 points

Red Star (★) = 1,000 to 4,999 points

Green Star (★) = 5,000 to 9,999 points

Yellow Shooting Star (★) = 10,000 to 24,999 points

Turquoise Shooting Star (★) = 25,000 to 49,999 points

Purple Shooting Star (★) = 50,000 to 99,999 points

Red Shooting Star (★) = 100,000 or higher

## Leaving Feedback for Others!

Never leave a negative or neutral, you will get one in return and destroy your Feedback Score. If you can't leave a positive then leave "NO" feedback at all.

**Buyers leave Feedback "FIRST"**

Sellers return Feedback "In Kind" once Feedback is received.

(If you are a Seller Never leave feedback first, wait till you receive, then give the same)

**Now Read On...Lets start getting your Feedback!**

## First Set-up correctly!

Being New to EBAY, you should establish the following.

1. An eBay Buyer's Account. [www.eBay.com](http://www.eBay.com)
2. An eBay Seller's Account. [www.eBay.com](http://www.eBay.com)
3. An PayPal Premiere Account. [www.PayPal.com](http://www.PayPal.com)
4. An eBay Store ... A Must. [www.eBay.com/storefront](http://www.eBay.com/storefront)

Open 3 separate email addresses at Gmail, Yahoo, Hotmail or your internet service provider, for each of the above accounts, numbers 1, 2 & 3 ...

When you first establish your eBay Buyer and Seller accounts, you must get them verified. Ebay will ask for specific information to verify "you are who you say you are". To do this they will make two deposits into your bank account, you will have to retrieve these amounts and then tell ebay what they are. Once done eBay considers you as verified and show this on your listings and purchases. Remember to use a different email address for each account. [Establish your Buy & Sell accounts Here.](#)

If you have a basic [PayPal account](#), you must upgrade it to a Premier account to be able to accept paypal for items you sell. You must also verify your paypal account to be able to withdraw more than \$500.00 per month. They will make a charge to your credit card for \$1.98 and assign a 4 digit number that will show on you credit card statement. Once you receive this 4 digit number go to PayPal, click on verify and enter the 4 digit, once confirmed you have unlimited withdrawals and PayPal will credit your card the \$1.98.

[Upgrade your PayPal account, Click Here.](#)

[Log in](#) to your PayPal account. Click the **Upgrade Account** link in the Enhance Account box. Click **Upgrade Now**. Choose a Business or Premier account. Click **Continue**. If you chose to upgrade to a Business account, fill in your business information and click **Continue**. You have now upgraded your account.

Now fund you PayPal Account by transferring \$20.00 into it from your checking, debit or credit card account.

Be sure to follow up and enter that 4 digit number as soon as possible.

## Now Start Buying and Building Your FeedBack!!

Once you've done this Learn to Sell Ebooks to build feedback.

## **Build feedback, and Collect E-Book Inventory to Resell!**

### **Save all Downloads for Resale...**

The First 90 days of your Ebay registration is very important, this is your probation period. If you abuse eBay's policies and rules they will indefinitely suspend you and not allow you to re-register, So you must be careful what you do during this period... So Please follow the rules to avoid suspension.

What we want to do is to get your feedback score over 20 and do this quickly and efficiently. To do this I have compiled links to Ebay stores. I am not associated with these stores and only list them because I know they have what we need, and some will post immediate feedback if they see you are new to EBAY.

I have categorized your buying into 5 days, on each day you will go to these ebay stores and purchase the item described and pay for it with your PayPal Premier account. After you have purchased all the items, go into your "My eBay" to the "Items I've Won" and on the far right click on the drop down menu. Select "Contact Seller" and send the seller this message.

**"I am a new eBay and have purchased this item from you. I would appreciate your positive feedback and will return the same to you after my 5 day waiting period is over. If not, I understand and will leave you positive feedback as soon as eBay allows. Thanks"**

Remember This whole process is designed to Increase your feedback, give you a better understanding of the process, save a great deal of time and to collect a Inventory of E-Books you can Resell Immediately. ([Save All Downloads](#))

Please print out one copy of this ebook and as you go along check off the stores you have visited. We only want to purchase one item from each store. If you purchase more you run the risk of suspension.

If you see something You would like to buy or bid on that requires shipping to you, feel free to buy the item, purchasing a real physical item will help you build feedback.

On the Sixth Day you can post your positive feedback to everyone you have purchased from, They will post positive feedback to you in return, Don't expect their feedback to be posted immediately as they will take a day or two because they only post feedback once a day or so, be patient it will come

OK, I hope you've set- up your [eBay & Paypal accounts](#), and understand exactly what to do...let's get started!

The Best Way to use this Ebook is to open this PDF file and open your Browser at the same time, sign into eBay, then click on each link in the Ebook.

**OK, On Day Five there are just two Ebay Stores to purchase from. Please don't purchase anymore Penny E-Books, you run the risk of Indefinite Suspension. See how to increase your feedback on the next page.**

## \*\*\*\*\*Day 6\*\*\*\*\*

OK, you're Five day's are up. Now sign into eBay, go to “My eBay” and leave positive FeedBack for everyone you have purchased from. Don't expect immediate feedback to be returned to you. Most eBayers work at full time jobs and only do eBay in the mornings or evenings sometimes only a few times a week. Rest assured they will return your FeedBack in kind.

If you've downloaded everything purchased from the eBay Store's, you have some valuable E-Books that can be resold to build your feedback even higher.

## **BE A POWERSELLER, NOT A POWERBUYER!**

**If you plan on selling on eBay, it's always a good ideal to sell ebooks too, that way your eBay Store will always have items to sell and keep building your FeedBack Score. Selling on eBay is a simple process just follow the few simple steps on the next page...**
