Dear Friend,

If you've been looking for a way to **create an Instant Internet business**, gain a HUGE army of **instant affiliates** to sell 'in demand HOT products' you didn't even create read on...

Fact is, I've been selling online full time for 7 years and have generated **millions of dollars of personal sales** in that period.

But nothing could prepare me for this...

I recently discovered a 'breakdown' in the system, something ***ANYONE*** could do to make money online... **faster and easier** than ever before.

It wouldn't take years *or even months* to build...

It wasn't anything to do with getting ranked in the search engines...

It didn't have ANYTHING to do with Google Adsense...

**...While Everyone Has Been 'Tripping' Over
Themselves Chasing 'Anything And Everything'
Related To Google Adsense, I've Been Raking In A
Small Fortune Selling Products I Don't Even Create
Myself on Clickbank Without Spending A Penny On**

Advertising"

Can you keep a secret?

When I see the crowd run one way, I **wait for the dust to settle** and examine all the money *'left on the table'* when people abandon ship...

What I'm about to tell you is going to **send your head spinning, get your pulse racing and drive your heart rate** through the roof!

*'Come closer'... as I reveal some *SHOCKING* results.*

Over the past year I've been investigating various methods of making money with Clickbank.com.

For those that don't know what Clickbank.com is. here's a simple description....

On the surface, it's a place where you can sell your digital products or become an affiliate for other people's products and drive traffic from PPC, Google Adwords or natural Search Engine Traffic.

But **dig a little 'deeper'** and when done correctly, you can leverage the power of 100,000+ active affiliates into selling your product, **gain MASSIVE traffic from Clickbank for FREE** and earn a small fortune promoting other people products as an affiliate...

...I'm Releasing The Following 3 PROVEN, 'Tried & Tested' Case Studies With Screenshots And Sales Volume To PROVE My Point..

Here's a little background on how I got started...

I'd been looking through Clickbank and decided I wanted to sell a product through it to see how things went.

So one day, while browsing the Internet I got a great idea... **"Why don't I buy a good product with resale rights and sell that instead"**

This way I wasn't risking my own time, a lot more money and effort...

Dominating Clickbank 'Proof Case Study' #1

How I generated \$25,735 of sales, gained over 41,000 unique visitors from a product I paid a \$197 resale license fee for. All by using the power of Clickbank.

Case Study Analysis Report

- 1) In April 2006 I **purchased resale rights** to an ebook called "10 Real Adsense Secrets" for \$197 from Ryan Deiss.
- 2) I then registered a new domain called Ad_ens__rof__ide.com . (Domain name is revealed in Dominating Clickbank Tutorial)
- 3) I uploaded the pre written sales copy Ryan supplied onto the my newly registered website and made a few CRITICAL Tweaks.
- 4) Next I created an **enticing Affiliate Page to get people excited** about promoting product. I included certain features to make it an offer any affiliate couldn't refuse (This is a Critical section and **MUST be done correctly**. I spend a lot of time going into detail on this section in Dominating Clickbank - Video #4)
- 5) I submitted my **affiliate page to the "correct directories"** and emailed a small list I had letting them know about the affiliate opportunity.
- 6) **The results were amazing!** The more people promoted, the higher I rose in the Clickbank Marketplace which in turn attracted more affiliates.

I couldn't stop making money - **See PROOF Screenshots below**

When you learn these tactics revealed in Dominating Clickbank YOU can set up **UNLIMITED websites** with this method. Just think each website can be **up and running within 24 hours or less!**

One of my other discoveries was combining Google Adwords with Clickbank together.

Now I'm sure many of you have heard about this.

But has anyone ever shown you **PROOF results of their campaigns** and created a video tutorial showing you how?

Dominating Clickbank 'Proof Case Study' #2

How I generated \$1100.18 Profit In Less Than 5 Minutes Over The Christmas Period By Combining Google Adwords And Clickbank

This is one of the most 'powerful' yet *highly effective* ways to earn BIG profits with clickbank.

Here's another PROOF case study report where I **generated \$1100.18 profit over the Christmas Period** for a campaign that took me *less than 5 minutes* to set up.

(These products I was promoting had NOTHING to do with Internet Marketing)

Case Study Analysis Report

- 1) Searched Clickbank for appropriate products to promote that pay acceptable commissions. (I usually only pick products at least 50% commission but some go up to 75%)
- 2) I then logged into Google Adwords account and started researching keywords to promote products as affiliate. The **secret is to choose** the best converting keywords (I explain how to do this in Video Tutorial #5)
- 3) Start testing different ad copy for each campaign. Remember Google rewards advertisers for having a high Click Thru rate so always test ad copy. The better the click thru rate the less you pay for advertising (HUGE factor between profit and loss) I'll show you the **EXACT things you need to test.**
- 4) Watch the sales roar in and keep a careful watch on advertising spend and profit earned per sale of each product.
- 5) When you have successfully set up a campaign I like to call it "set and forget". Move on to the next one and **replicate the process UNLIMITED TIMES.**

From my 'affiliate hunter method' I did spend money on advertising... But I made a **HUGE return on investment. (Over 450%!)**

The best part is once you find a profitable campaign you can "set, forget and move on" to the next one.

Here's a screen shot of my advertising costs from Google Adwords..

Dec 1, 2005 to Dec 31, 2005 **\$401.41 cost**

These parts are blurred for privacy and to comply with Googles Terms and Conditions

In total I generated \$1501.59 of sales minus \$401.41 advertising costs

That's a **NET PROFIT of \$1100.18** for something that took me less than 5 minutes to set up.

Imagine if each campaign is only bringing in **\$20 per day** profit and you have 10 campaigns running That's \$200 a day. \$6,000 a month hand's free income! Or the **equivalent of \$72,000 year.**

Video Tutorial #5 of "Dominating Clickbank" will teach you exactly how to set up the affiliate hunter method

[Click here to learn more about Dominating CB](#)

Interested in hearing another case study... 

After generating over **\$25,735 of sales selling an ebook I didn't even write** (as shown in Case Study #1) I wanted to leverage this into even more profit ..

I've code named this technique the "Clickbank Double Swap & Profit" which is taught is Video #6 of Dominating Clickbank.

After building an opt in list and customer list from Case Study #1, I knew I had **leverage to gain even more BIG affiliates to promote my product.**

Using a careful selection process I searched the Clickbank Marketplace for a product that I could offer to my new customer list that was similar but not a direct competitor of my own.

I located one called EndlessOptin.com. This was a software that built opt in pages to build email lists. I felt it was a good match.

Read the Case Study below to see how it went...

Dominating Clickbank 'Proof Case Study' #3

Employing my "Clickbank Swap & Double Profit Method" I generated a further \$7,000+ PROFIT using the power of Clickbank

Clickbank product owners are often looking at ways to increase their income. Quite often they will search through the Clickbank market place and promote similar products that are sold through Clickbank.

IMPORTANT POINT: The reason they will promote another product as an affiliate through Clickbank is because **they know they are going to get paid on time**. The affiliate does not handle the payments, Clickbank handles payment.

Case Study Analysis Report

1) For my product located at Ad_ens__rof__ide.com . (Domain name is revealed in Dominating Clickbank Course) I had built an opt in list and customer base of people who had purchased the product

2) I searched the Clickbank market place and looked for a product to promote that I felt was suited to the list.

3) *Double Swap & Profit Method about to commence*. I contacted the owner of the product at www.endlessoptin.com. (**Full template of letter is given** in the Dominating Clickbank Course)

Here's a **Screen Shot of the "Clickbank JV Approach Letter"**

4) The Clickbank JV Letter is VERY IMPORTANT. It's basic elements say "Hi , I've found your product over at www.yourproductname.com and think I could sell quite a few units as an affiliate. I own a product at www.myproduct.com and wondered if you would be interested in promoting my product?"

You will be surprised by how many product owners are open to this kind of offer. It means you are **making money as an affiliate AND receiving sales** for your own product.

Double the profit.

5) Here are the results after we promoted each other products. The results were so pleasing we sent another promotion 2 days after the initial one...

"Hi Andrew, Just been through your set of Dominating CB Videos. As a previous customer of your Dominating Adsense Course, I was expecting a very detailed and well presented course; I wasn't disappointed.

You have a knack of breaking down everything so that even the 'slowest' of can learn and benefit from your materials. Your new course has been a real eye-opener for me. **I had no idea you could use Clickbank to generate income in the ways you teach.** Video 2 has really got me thinking! I was unable to view video 6; just would not get past the 'loading' screen. Will give it another go tomorrow. Keep up the excellent work!"
