

Hi,

Thank you for downloading our eBook!

You can brand this book with your ebay store link and your Hot Item Finder affiliate link.

Need a Hot Item Finder affiliate link? [Click here](#)

On the left hand side you will see a box that says Affiliates. Click that link and you go to another page. Here you click sign up, fill out the info and receive your link.

When someone buys Hot Item Finder from your link you receive \$18.50! You can make a lot of money by branding this book with your link!

To brand the PDF file with your ebay store link and Hot Item finder link simply double-click PDFBrand.exe and drag Auction Mercenary V2.1-brandable PDF into the program.

Once PDFBrand.exe analyzed and opened the PDF, it'll show you an "ebayid" box and a "hotitemfinderid" box and an empty field right next to it.

Simply enter the appropriate ebay ID into the field. You only need to enter your ebay id not the full link.

Your Hot Item Finder id will look like this:

<http://www.hotitemfinder.com/cgi-bin/affiliates/clickthru.cgi?id=michaellemoine>

all you need to enter in the box is what comes after the equals (=) sign. So in my case I would enter michaellemoine

Thats it!

Once you're finished, click the "Brand!" button. The Brander will then come up with a dialog box, asking you to automatically save a copy of the PDF under the name 'xxx_branded.pdf' in the same location as the original file.

Click 'OK' to automatically save the PDF, 'Cancel' if you want to save it under a different name or in a different location.

Now sell or give away your "branded" PDF to drive traffic to your store and to make money from your Hot Item Finder.
