Our private members' forums have over 65,000 registered members and they are moderated by expert eBay Powersellers. You'll find straight answers to your questions from experienced online auction sellers and importers — BEFORE you invest in a big order of wholesale or *dropship products* from overseas.

EXCLUSIVE TO SALEHOO: The super-secure three-tier review system

One of the biggest concerns you'll have when choosing a new supplier is whether they can be trusted. What is customer service like? Are the goods up to scratch? Is the packaging ok? Do they steal your money and disappear into the night?

SaleHoo has a three-tier review system that allows you to read other people's experiences with a supplier before you hand over your money. We review suppliers three different ways:

- 1. SaleHoo reviews:** We anonymously purchase from suppliers and leave our findings on the supplier's info page.
- 2. Independent reviews:** We have a team of eBay powersellers from around the world purchasing on our behalf, and also adding their reviews to the supplier's info page.
- 3. SaleHoo member reviews:** Our members can write reviews and give ratings to suppliers as well. These also show up on the supplier's info page.

No other directory offers this level of feedback on suppliers!
(Surprised? Seems common-sense doesn't it?)
